Dear LWQS Supporter

24 March 2011

The LakesWater Quality Society Inc. continues to work very hard for the Rotorua Lakes, and needs your help and support. We have a small but very active committee. Much of our effort is spent on making submissions to policy, and monitoring the Lakes Restoration Action Programme implemented by the Bay of Plenty Regional Council and the Rotorua District Council.

Our subscription year ends on 30 September, and we will continue with a nominal subscription of \$5.00, plus a voluntary donation of \$15.00 (total \$20.00) for the membership year. We welcome your support, and would very much appreciate your membership for the 2010-2011 year.

Kind regards

John Green
 Chairman

Payable
